Seminar of ecology – 2013
Proceedings

25-26 April - Sofia

Съюз на учените в България
София – 2013 г.

Този сборник съдържа доклади, изнесени на националния „Семинар по екология-2013“, проведен на 25 - 26 април 2013 г. в Институт по биоразнообразие и екосистемни изследвания - БАН, гр. София. Част от докладите са публикувани в пълен текст, а други като разширени резюмета. Семинарът е организиран от секция „Биология“ към СУБ, Институт по биоразнообразие и екосистемни изследвания - БАН, гр. София и с любезното спомоществувателство на фирми Л.К.Б. - България ЕООД и Биотехлаб ООД.

Всички доклади са рецензирани.

Съставителите

These proceedings include the reports, presented at the national “Seminar of ecology - 2013”, 25-26 April 2013, Institute of Biodiversity and Ecosystem Research – BAS, Sofia. Part of the papers are included in full text, other as extended abstracts.

The seminar was organized by the section “Biology” of the Union of Bulgarian Scientists and the Institute of Biodiversity and Ecosystem Research, BAS, Sofia and with the support of companies LKB Bulgaria EOOD and Biotechlab Ltd.

All papers have been reviewed by independent scientists.
